Film Review
MARIE ANTOINETTE
(2 hours and 3 minutes)

The tragic story of Queen Marie Antoinette, which everyone has known. This movie portrays her as a real person. Her life at court was solitary.

This movie was nominated for Best Costume Design.

I believed that she was arrogant and selfish before. But now, by this movie, I found that she had a beautiful character and a feminine heart (of course, we cannot truly know her). And the gorgeous dresses and various sweets were wonderful.

Are you having trouble with "English Trouble"?

A **"man-eating tiger"** is a tiger that will eat a man.
But if you saw **"a man eating lunch"** then the man is eating lunch (the lunch is not eating the man!) Look at the pictures below...
